

## Village of Hartland Options for Additional Refuse and Recycling

The Village's Refuse and Recycling Collection Contract with Advanced Disposal Service (ADS) provides a standard collection system for all residences that encourages increased recycling and reduced refuse disposal. It is intended to meet the needs of most households. Households that need additional capacity have the following options.

### REFUSE

- For occasional additional REFUSE, residents are allowed, as an option through the Bulk Item Collection program, to place one (1) additional 30-35 gallon container of refuse out for disposal at no charge.
- Households may also purchase additional collection service via an additional ADS-provided can:
  - Additional 64 gallon (same size as the regular refuse container) - \$80 Annually
  - Additional 96 gallon (same size as the regular recycling container) - \$85 Annually
- Households may also upgrade from the standard 64 gallon container to a 96 gallon container for an additional fee - \$20 Annually.

### RECYCLING

- Households that need additional recycling space on a regular basis may receive an additional 96 gallon recycling container at no charge.

Above costs include provision of the container and collection, hauling and disposal of the material. Annually, households with these additional services will be sent notice by the Village and required to reconfirm their desired services. Separate payment for the additional services will be required in advance of the new service year.

Send completed requests and payment to:

Village of Hartland  
Village Clerk  
210 Cottonwood Ave  
Hartland WI 53029
