ELECTRONIC RECYCLING

During 2015, the Village had to suspend our collection of electronic recyclables. The new vendor that Waukesha County selected had problems keeping up with the collections and each community had to suspend their collection efforts. Staff has been working with Waukesha County to bring on a new vendor for 2016 and we are looking at other cost effective alternatives to provide our residents opportunities to recycle these items. A County-wide media campaign will be utilized to inform our residents of the new process for collecting of these materials. In the meantime, please refer to www.waukeshacounty.gov/recycling for collection options.

RECYCLE RIGHT—QUALITY MATTERS!

While Waukesha County residents have always been diligent with recycling, there has been an increase in non-recyclable material (“residue”) entering the new Materials Recycling Facility (MRF). For over 20 years, this residue rate averaged 3.5% but that recycling system required residents to separate paper/cardboard from bottles/cans at the curb (blue bin).

The new single-sort recycling system (all recyclables mixed together) is much more convenient for residents, however, the residue rate at the MRF is now over 10%, which is costly and sometimes dangerous.

Recently, two small fires at the MRF were caused by exploding gas cylinders that residents included in their curbside recycling containers. The fires were quickly controlled but it demonstrates the risks associated with contamination of acceptable curbside recyclables. While made of steel, compressed propane cylinders cannot be placed in a home recycling container because of the high risk of explosion and fire when compressed into large bales to prepare for market.

Other examples of residue that pose a serious danger to MRF workers, or has caused damage to the new processing equipment at the MRF, include scrap metal such as brake rotors, tires, electronics and medical waste. While often made of recyclable material, none of these items should ever be placed in home recycling containers.

For proper disposal or recycling of these items, check out the County’s recycling web site at: www.waukeshacounty.gov/recycling

Preventing contamination of home recyclables is imperative to maximize program revenues, reduce residue disposal costs (up to \$80/ton), ensure worker safety, and protect the large public investment in new recyclable processing equipment. For more information including a printable list of items that are acceptable and not acceptable for the home recycling container, please visit the County web site noted above or call (262) 896-8300.

Did you know...
Village of Hartland residents recycled 726 ton of material in 2014

FALL LEAF COLLECTION PROGRAM MONDAY, OCTOBER 5—MONDAY, NOVEMBER 16

The Village-wide leaf collection program begins on Monday, October 5th and runs through Monday, November 16th. One collection pass will be made through the Village weekly as needed during the collection time. Have all leaves out to the curb by November 15th.

Please follow these simple rules:

- Rake ONLY leaves out to the street in neat piles or a continuous tight row or rake into the gutter area.
- DO NOT BAG LEAVES
- DO NOT place yard waste, brush, garden debris or animal waste at the curb or in with the leaves. It will not be

picked up.

Animal waste needs to be disposed of in the trash. Yard waste, brush or garden debris may be taken to the Recycling/Yard Waste site at 701 Progress Drive. The schedule and rules for use of the Recycling/Yard Waste site are available on the Village's website.

Please remember that the leaf collection program is weather dependent.

CURBSIDE COLLECTION SERVICE

Residential property owners have received two carts; one 64-gallon for garbage and one 96-gallon for recycling. Both refuse and recycling is collected from all households curbside on Tuesdays. Refuse/garbage is collected weekly from the container provided while recyclable materials are collected every other week. The 2015 garbage/recycling calendar on the Village's website shows recycling dates as either Week A or Week B. Locate your street on the correct recycling map to verify your pickup dates.

Residential property owners are required to bring the carts to the curb by 6:30 a.m. on collection days. All garbage and recycling materials must be kept separate and placed inside their respective cart.

Important reminders:

- Do not place the carts in the street
- Place carts with the handles and wheels facing away from the street
- Containers must be at least 3 feet apart from each other and other items such as poles and mailboxes.

- Do not place your containers out earlier than the day before collection day and be sure to take them back by the morning after collection day

Households that may need additional capacity for refuse and recycling have several options including the purchase of additional collection service. Households that are physically unable to move the containers to the curbside are encouraged to contact the Village.

DRUG COLLECTION

In order to reduce substance abuse, prevent childhood poisonings and help protect our environment, citizens may bring their unwanted or unused prescription or over-the-counter medications, sprays, inhalers, ointments, creams,

vials, herbals, or pet medications to the Village Hall 24 hours every day for disposal. Illegal drugs/paraphernalia are also accepted with no questions asked. Green containers are available just inside both the east and west lobbies of Village Hall for the collection of these items. You may also use the main Police Department lobby to drop off items during normal business hours.

Please do not drop off any hazardous

materials or waste such as household cleaners, paint etc. or any items containing or exposed to bodily fluids.

Remember that no medications should ever be disposed of by flushing down a toilet. Let us dispose of them properly for you. If you have any questions regarding this program, please contact the Police Department at (262) 367-2323.

HOUSE NUMBERS

Municipal Ordinance 78-30 specifically states that all residential and business buildings must have the address clearly posted on the street side of the structure, with numbers being no less than 2 1/2 inches in height (suggested to be reflective). This is primarily for safety

reasons so that the Police or Fire Department may find the property in an emergency. Keep in mind that the 911 system tracks to an address and dispatches the correct police and fire agencies. Please make sure the numbers are clearly posted and visible from the street, usually posted near a doorway.

WINTER PARKING RESTRICTIONS

Winter parking restrictions in the Village are in effect from November 1st through March 31st. Parking restrictions prohibit parking on all village streets between the hours of 2:00 AM and 8:00 AM.

If you wish to park on the street, call 367-2323 after 3:00 PM each day to determine if parking permission is approved or denied for each morning. You may also go to www.villageofhartland.com

under Hartland Help Center for the winter parking restrictions and the most current message.

If you wish to receive daily messages about winter parking, go to Notify Me on the Village website to sign up. To receive notifications related to parking restrictions, you will need to provide an email address. If you prefer to receive these messages by text, enter your mobile

number.

Parking citations will be issued to vehicles that park on any village street when the message states that parking is denied. A tow notice may also be attached to a vehicle and if the vehicle is not removed in the timeframe listed on the notice, the vehicle will be towed at the owners expense.

WILEAG ACCREDITATION

The Hartland Police Department is working toward achieving accreditation from the Wisconsin Law Enforcement Accreditation Group. This will be the first attempt at reaching accreditation and the department is responsible to show compliance with over 230 standards applicable to law enforcement agencies. Staff is preparing for this in multiple ways, and when successful, the department will be one of only a few accredited agencies in the State of Wisconsin.

ILLEGAL SIGN PLACEMENT

Village ordinances prohibit the placing of any signs in a right-of-way owned by the village, county, or state. In addition, permission must be received from a property owner before placing any signs. Any signs observed to be illegally posted will be removed by the police depart-

ment and discarded. The normal violations we observe involve rummage sale signs, campaign signs and realty signs. Contact the Police Department at (262) 367-2323 if you have questions before posting signs.

COMMUNITY NOTIFICATIONS

The Police Department is a member of two nationwide notification networks. In the event an emergency message needs to be sent out to a targeted area of the community, we would utilize the services of one of these networks. The networks utilized are "A Child Is Missing" which is primarily for missing children and at-risk

adults and "MyStateUSA" which can be used for emergency notifications such as evacuations, sex offender notifications and weather related alerts. If you are interested in signing up to receive these messages on your cell phone, email police@villageofhartland.com and we will send you the information.

The Hartland Police Department is an authorized agent of the Wisconsin Dept. of Motor Vehicles to provide vehicle registration and renewal services. Call (262) 367-2323 during normal business hours if you have questions.

HARTLAND FIRE DEPARTMENT OPEN HOUSE SATURDAY, OCTOBER 10, 2015 7 AM TO NOON

Visit the Hartland Fire Department during their annual Open House at the Fire Station at 150 Lawn Street to celebrate Fire Prevention Week October 4–10. Tour the Fire Station, see demonstrations of fire equipment and receive Fire Safety related handouts. Free blood pressure checks will be offered. A Flight for Life helicopter will host a landing tour at 11:30 AM, weather permitting.

The Survive Alive House will be available for children to have the educational opportunity to be in a simulated house fire. They are taught to crawl in the smoke-filled house to the nearest safe exit to quickly escape from the fire. Children experience exiting the house through a window with the assistance of firefighters. Watch the kids climb into a fire truck or spray water through a real fire hose.

Families are invited to participate in this free, informative event.

HARTLAND FIREFIGHTERS ASSOCIATION 6TH ANNUAL PANCAKE BREAKFAST

HARTLAND FIRE STATION SATURDAY, OCTOBER 10, 2015 7:00 AM TO NOON

PANCAKES, SAUSAGE, APPLESAUCE, FRUIT, MILK, COFFEE, ORANGE JUICE, REGULAR AND SUGAR FREE SYRUP

Did you know...

From 2009–2014, 46% of all one and two-family home fires in Wisconsin had smoke detectors present.

Of those, 42% either did not operate or it could not be determined if they were operable.

BURNING PERMITS

The Village does not allow any open burning except recreational fires such as small campfires on private property or small fires confined to burning pits. Recreational fires can be no more than three feet in diameter with flames that do not reach higher than three feet from the base of the fire. These fires also must be at least 15 feet from any type of building or structure, landscape items such as a tree, bush or fence or any combustible materials and must be surrounded by non-combustible materials such as concrete, rock or cement block.

A burning permit must be applied for prior to burning. Fire Department personnel will inspect the area prior to issuance of the permit to ensure safety. The cost for a burning permit is \$20 and is good for two years. Burning permits are available at the Fire Department, 150 Lawn St., weekdays between 6:00 am and 4:00 pm. The form is also available on the Village's website www.villageofhartland.com

FIRE PREVENTION WEEK—OCTOBER 4-10, 2015

Keep your family safe with a working smoke alarm in every bedroom. Did you know that roughly half of home fire deaths result from fires reported between 11 p.m. and 7 a.m. when most people are asleep?

Smoke alarms save lives and are a key part of a home fire escape plan. If there is a fire in your home, smoke spreads fast. Working smoke alarms give you early warning so you can get outside quickly. In fact, having a working smoke alarm cuts the chances of dying in a reported fire in half!

When it comes to smoke alarms, it's about "location, location, location". Smoke alarms should be installed inside every bedroom and outside each sleeping area. Smoke alarms should be connected so when one sounds, they all sound. Most homes do not have this level of protection.

SAFETY TIPS

- Install smoke alarms inside and outside each bedroom and sleeping area. Install alarms on every level of the home. Install alarms in the basement.
- While not required, it is highly recommended that residents install heat and/or smoke detectors in garages.

CANDLE SAFETY

Candles may be pretty to look at but they are a cause of home fires. Remember, a candle is an open flame, which means that it can easily ignite anything that can burn.

"CANDLE WITH CARE"

- Blow out all candles when you leave the room or go to bed. Avoid the use of candles in the bedroom and other areas where people may fall asleep.
- Keep candles at least 12 inches away from anything that can burn.
- Think about using flameless candles in your home. They look and smell like real candles.
- Never leave a child alone in a room with a burning candle.

- Large homes may need extra smoke alarms.
- It is best to use interconnected smoke alarms. When one smoke alarm sounds, they all sound.
- Test all smoke alarms at least once a month. Press the test button to be sure the alarm is working.
- There are two kinds of alarms. Ionization smoke alarms are quicker to warn about flaming fires. Photoelectric alarms are more responsive to smoldering fires. It is best to use both types of alarms in your home.
- A smoke alarm should be on the ceiling or high on a wall. Keep smoke alarms away from the kitchen to reduce false alarms. They should be at least 10 feet from the stove.
- People who are hard-of-hearing or deaf can use special alarms. These alarms have strobe lights and bed shakers.
- Replace all smoke alarms when they are 10 years old.
- Check your smoke alarm batteries! When smoke alarms fail to operate, it is usually because batteries are missing, disconnected, or dead.

Take steps now to keep you and your family safe from fire.

IF YOU DO BURN CANDLES, make sure that you...

- Use candles holders that are sturdy and won't tip easily.
- Put candles holders on a sturdy, uncluttered surface.
- Light candles carefully. Keep your hair and any loose clothing away from the flame.
- Don't burn a candle all the way down—put it out before it gets too close to the holder or container.
- Never use a candle if oxygen is used in the home.
- Keep matches and lighters up high and out of children's reach.

VILLAGE TREE PLANTING AND MAINTENANCE

The Village of Hartland has a long standing goal of creating tree lined streets. Over the years trees have been planted in the right of way on both sides of most streets. The right of way is typically 15' from the curb toward the home. There are several factors taken into consideration when trees are planted. Some of these include underground utilities, overhead utility wires and street signs.

Street trees planted in the Village right of way are considered a Village asset and the responsibility to maintain the trees falls to the Village. The Village has an annual budget to plant, maintain, and/or replace trees. Trees are typically replaced due to damage or disease. Unfortunately, sometimes the demand is greater than the funds.

The tree trimming performed on the street trees is performed by Village staff as time permits. Tree trimming is done to provide the proper clearance for trucks in the street and for pedestrians on the sidewalks. Trees that are not trimmed on the street side could obstruct street signs, cause damage to vehicles or the tree. Trees that are not trimmed on the sidewalk side could cause injury to pedestrians or bikers. Private property trees or bushes that hang over the Village right of way are sometimes trimmed by Village staff for the same safety reasons.

Private property trees that encroach the Village right of way that are trimmed by the property owner help maintain the health and aesthetics of the trees in the Village.

Friday Fun Night Grades 3 - 5

Hartland South Elementary, 651 Imperial Drive, Hartland

Hartland Recreation is providing youth in grades 3 - 5 with Friday Night Events. Youth from any school district will be able to participate in activities. Adult supervision will be provided by the Hartland Recreation Department. Registration will be done at the door. The registration form is available online at www.villageofhartland.com. You may fill out the form and bring it in to register your child. It is only necessary to fill out this form once. The fee is \$3.00 and will have to be paid at the door for each date.

Fridays: 6:00 - 7:30 pm November 13, December 11, January 8, February 12 & March 11

Fee: \$3.00 per date.

Must pay at the door.

FIRE EXTINGUISHERS

Results from a nationwide research study show that only one in three (34%) of American households have more than one fire extinguisher while nearly four out of five (78%) have more than one television. Having a fire extinguisher within reach can help you create a path to safety, and may even help put out a small, contained fire. Be safer in your homes by learning more about fire extinguishers.

→ Place a fire extinguisher within easy reach in rooms where fires are more likely to start such as the kitchen, living room and laundry room. Place a fire extinguisher in the bedroom for use in case you need to create a path to safety. Nearly half of all fatal fires occur during late night and early morning hours, when families are asleep.

→ Choose a multipurpose extinguisher that is large enough to put out a small fire but not too heavy to handle.

→ Learn to use a fire extinguisher properly.

→ Always call the fire department before you try to extinguish a fire yourself.

Fire Extinguisher Classifications:

Classification symbols are located on each extinguisher and are used to identify the type of fire the unit can be used on.

- A: CLASS A fires involve common combustibles such as wood, paper, cloth, rubber, trash and plastics.
- B: CLASS B fires involve flammable liquids, solvents, oil, gasoline, paints, lacquers and other oil-based products.
- C: CLASS C fires involve energized electrical equipment such as wiring, controls, motors, machinery or appliances.

It is recommended that fire extinguishers be replaced every 12 years and that you have at least a 2-A:10-B:C rated fire extinguisher on every level on your home and supplementary units for specific locations such as the kitchen.

IS YOUR MAILBOX READY FOR WINTER?

As the summer season comes to a close, now is the time to check your mailbox for any needed maintenance/repairs before the winter season sets in. The Village of Hartland encourages every property owner with a mailbox to check for its proper location (please see the diagram) and sturdiness. Each property owner is responsible for the installation and maintenance of their mailbox and this includes having it on a sturdy base and firmly attached to its support post.

The Village's mailbox damage replacement policy states that only mailboxes that are actually hit by the snowplow and are properly installed are eligible for reimbursement. Reimbursement will not be made if a mailbox gets knocked over from the weight of recently plowed snow. That is why we are reminding residents to check their mailboxes before the snow flies. A properly installed and maintained mailbox will hold up to the snow that comes off the plow's blade. The total value from reimbursement through the Village's policy is limited to a maximum of \$75.

YELLOWBOOK DELIVERY COMING SOON!

The Village has been notified that updated Yellowbook phone directories are scheduled for delivery beginning October 28 through December 9. Residents may opt-out of receiving the book by visiting www.yellowpagesoptout.com. Enter your zip code to see which publications you are eligible to receive. Click "Register Now" to opt-out or to select which directories you wish to receive.

Out of date or unwanted phone books are recyclable and may be placed in your recycling container for collection.

Did you know that Yellowbooks are...

- Made from recycled fiber, discarded wood chips & pulp
- Printed with biodegradable soy ink
- Bound together with vegetable based glue
- A new eco-friendly 7" x 9" size uses 33% less paper
- Recycled into new phone books, made into cellulose insulation and used to make packaging such as boxes and containers

CONSTRUCTION SEASON WRAP-UP

The Village's construction contractor, Stark Asphalt, has been busy completing our 2015 Paving and Utilities Program. The work included repaving Maple Avenue from E. Capitol Drive to the Canadian Pacific (CP) Railroad tracks, roadway patching on Cottonwood and North Avenues, and the installation of improvements for a quiet zone at the CP Railroad crossings with Cottonwood Avenue and Maple Avenue. We anticipate the quiet zone designation of the railroad crossings by early fall at which time the train horns would only be sounded during emergency situations.

In addition, storm and sanitary manhole utility repairs were made, worn fire hydrants and water valves were replaced and the pathway at Nottingham Park was repaved. We appreciated your patience and understanding while the construction was taking place as we brought these improvements to your neighborhoods.

MUSIC, ART, RECORDING, SONGWRITING WORKSHOP - w/Vinny & Marlene Ages 10 - 13

Learn the fundamentals of collaborating in a small music ensemble. The students will perform popular music chosen by the group, create a simple song, learn the basics of multi-track recording/mixing with computer software, record their own CD and create art/graphics necessary to print a CD cover. The class is open to anyone age 10 - 13 who plays an instrument, sings, or is just looking to learn the basics of recording engineering and art/graphics. The students are encouraged to try instruments that they have not played before - a piano, keyboard, guitar, bass and drum set are provided. The students will walk away with a CD of an original song that includes an insert with graphics created by the students. First class will be held at Axis Recording.

TRIPS, TRIPS AND MORE TRIPS!

Discover Fall with the Hartland Recreation Department by exploring Wisconsin and Illinois. Listed below are the trips that are being offered. For more information on any of these trips, please visit www.villageofhartland.com or call the Recreation Department at 262-367-0352. The fee for all the trips include lunch, transportation and admissions, unless indicated. Fees vary by trips and can be found at www.villageofhartland.com. All trips are combined trips with Sussex Recreation Department.

WARRENS CRANBERRY FESTIVAL

- Saturday, September 26, 7:30 AM - 8:00 PM
- Fee: \$34 Resident & \$41 Non Resident

CRANES & TRAINS

- Friday, October 9, 7:15 AM - 5:30 PM
- Fee: \$79 Resident & \$84 Non Resident

A WONDERFUL LIFE

- Thursday, November 19, 9:15 AM - 5:30 PM
- Fee: \$94 Resident & \$99 Non Resident

CHRISTMAS SHOPPING IN CHICAGO

- Saturday, December 5, 8:00 AM - 8:00 PM

HARTLAND PUBLIC LIBRARY EVENTS

Library Card Month

You could win one of four \$25 Hartland Chamber of Commerce gift certificates when you get a library card, update your contact information associated with your current card, or replace your lost or worn-out library card during the month of September. Remember: A library card is the “smartest” card of all!

Author Event

Wednesday, September 9th from 3:00 – 6:00 p.m.

You may have seen author Silvia Acevedo on “The Morning Blend”, WISN, or WTMJ-TV. Perhaps you’ve read her news stories in the Milwaukee Sentinel or The Badger Herald. These days she is using her talent as a novelist and will be signing copies of her new novel and book-talking “God Awful Loser”, a tale full of adventure and humor starring the Roman God, Cupid.

Preserving Family Stories

3rd Tuesdays of each month @ 6:30 p.m. This friendly group meets monthly to share the stories of their own lives or others in the family. Newcomers are welcome to come listen or share one of their stories as well.

Super Saturday Story Time

1st and 3rd Saturdays of each month at 9:30; Pre-school (ages 3-5) story time with the Hartland Lakeside School District and library staff! Stories, songs and crafts will make this a fun time for a Saturday morning. This program runs throughout the rest of the school year.

Lego Club

Saturday, September 26th @ 9:30 am For ages 6-10. Get creative with LEGOs and build some challenging designs. Subsequent Lego Club gatherings will be held on the 4th Saturday of each month.

American Girl Club

Saturday, September 26th @ 1:00 p.m. For ages 8-11. Come explore the time periods of the dolls and their stories. We will enjoy crafts, games and food from the various American Girl dolls. Meets on the 4th Saturday of each month.

Hug-a-by Baby Infant Story Times For ages 0-23 months

Fridays at 9:30 a.m. This 20-30 minute session features lap games, songs and action rhymes, stories and finger plays. Caregivers participate and help their child partake in the class. Size limited to 12 children.

Preschool Story Time Sessions for ages 2 - 5

These lively sessions include stories, songs and a craft. Children are encouraged to attend on their own, but caregivers can remain with their child until they become used to the routine. This story time lasts about 40 minutes and is limited to 20 children. Registration required; call 262-367-3350. Check “Programs and Events” on the library website (www.hartlandlibrary.org) for details including dates and times.

Author event – Wednesday, October 7th, 7:00 p.m.; Meet author J.F. Riordan who has recently published “Confessions of a Book Club Drop-Out” and will be also reading from her sequel which is soon-to-be-published. Also by Ms. Riordan is the Door County novel: “North of the Tension Line”.

HARTLAND PUBLIC LIBRARY EVENTS

Fall Festival

October 10th at 10:00 a.m. Crafts, stories and activities for children and families.

NaNoWriMo

November 21st 10:00 a.m.—Noon

NaNoWriMo (National Novel Writing Month) is an annual internet-based creative writing project that takes place during the month of November. NaNoWriMo challenges participants to write 50,000 words (the minimum number of words for a novel) from November 1 until the deadline at 11:59 p.m. on November 30. The goal of NaNoWriMo is to get people writing and keep them motivated throughout the process. Hartland Library will host a 'Write-In' to provide encouragement for local writers who are undertaking the challenge. Sign up for this national project at https://nanowrimo.org/sign_up. Drop in to take part in the library write-in event.

Know the 10 Signs of Alzheimer's

October 28th at 6:30 p.m. presented at Hartland Public Library by Jennifer Harders, Alzheimer's Foundation. Call 262-367-3350 to register.

Memory Café

The Memory Café will meet at the Hartland Public Library on Friday Nov. 6th and again on Friday Dec. 4th from 10:30 to noon. This is an event for persons who have been diagnosed with early stage dementia and their spouse or family caregiver. There will be light refreshments, a fun program, and some time for participants to socialize with others on the same path. Registration is required; please call Wendy at the Alzheimer's Association, 414-479-8800, to register.

Santa Claus

Santa loves reading books to the kids who come to the library, so he has promised to come again this December to read to good boys and girls, and pose with them so their moms and dads can take adorable photos. There will be wonderful cookies and other refreshments free for all who come. Santa's calendar is busy, but he will let us know when he will fly down from the North Pole. Keep checking the library webpage, Facebook, or call 262-367-3350 to find out which Saturday he will be here!

Library hours:

Mondays - Thursdays: 9:00 a.m. to 8:00 p.m.

Fridays: 9:00 a.m. to 5:00 p.m.
