RAVELRY FOR BEGINNERS

Monday January 23 6:30 - 8:00 PM

Ravelry is a social networking site for knitters and crocheters. With its enormous database, it is a fabulous resource for finding new patterns, or figuring out what to make with the yarn you already have on hand. Come and learn the basics on how to navigate the site and take your crafting to a new level.

If you already have Ravelry loaded onto a mobile device, please bring it to class so that you can follow along with the instructor.

The instructor, Theresa Schabes, is new to Wisconsin, but a lifelong knitter. For the past ten years she has worked as a teacher and designer in both knitting and crochet. Her patterns have been published in most major knitting magazines. Please call the library to register.
