UTILITY PAYMENT OPTIONS

We have great utility payment services available—electronic payments and bills. You can pay your water and sewer bill online, by mobile device or by calling a toll-free number. You can also view your bill online. Please consider opting out of receiving paper bills to help save resources. We will send you an email each time a new bill is ready to view. Give these services a try; we are sure you will love the convenience!

ONLINE (make a payment, view bill, view balance due)

Go to www.villageofhartland.com. Select “Online Payments”. This will take you to our payment processing company, Payment Service Network (PSN), to register and make your first online payment or view your bill. Future payments will take just three quick steps. You don’t have to pay online to view your bill online.

DOWNLOAD OUR APP (make a payment, view balance due)

Download “PSN Payments” from the App Store or Google Play, or scan QR code below.

TIP: Register online before using the app to set up your user ID and password.

CALL TO PAY (make a payment, hear amount due)

Call toll-free 877-885-7968. Have your bill handy to provide your customer number. On the first call, you will set up a payment account. Calls after that are just 4 steps to pay.

TIPS & BENEFITS

Auto Pay: Set it and forget it with Auto-Pay to make recurring payments for the amount of your bill.

Avoid Late Fees: Your online, mobile or phone payment posts the day you make it.

More: Print receipts, view payment history, change your payment method, change the date of or cancel your Auto Pay and more by using our online service.

Pay anytime from anywhere!

We accept:

- Checks
- Savings
- VISA
- MasterCard

Village of Hartland

Hartland Municipal Building
210 Cottonwood Avenue
Hartland WI 53029

Office Hours:
Monday – Friday
7:30 am–4:30 pm

Phone:: (262) 367-2714
Fax:: (262) 367-2430

www.villageofhartland.com

PAYMENT DROP BOX

Avoid getting out of your car during the cold winter months! For customer convenience, a drive up payment drop box has been installed in the library municipal parking lot near the exit onto Park Avenue. Payments deposited in the drop box will be collected regularly for processing. Please do not place cash in the payment drop box.

IMPORTANT WINTER PARKING RESTRICTIONS

Winter parking restrictions are in effect from **November 1st through March 31st**. Parking restrictions prohibit parking on all village streets between the hours of 2:00 AM and 8:00 AM.

If you wish to park on the street, call 367-2323 after 3:00 PM each day to determine if parking permission is approved or denied for each morning. You may also go to www.villageofhartland.com under Hartland Help Center for the winter parking restrictions and the most current message to determine whether parking is permitted or not for each day.

If you wish to receive daily messages about win-

ter parking, go to Notify Me on our Village website to sign up. To receive notifications related to parking restrictions, you will need to provide an email address. If you prefer to receive these messages by text, enter your mobile number.

Parking citations will be issued to vehicles that park on any village street when the message states that parking is denied. A tow notice may also be attached to a vehicle and if the vehicle is not removed in the timeframe listed on the notice, the vehicle will be towed at the owners expense.

CITIZENS ACADEMY

The Village of Hartland Police Department will be sponsoring a Citizens Police Academy in cooperation with the City of Delafield, Village of Chenequa and Village of Pewaukee Police Departments along with Lake County Fire/EMS Department. We invite you to apply and join us in learning about the local police departments and fire department.

This is for citizens or those who work in this area who would like to learn about what the local police departments do. There are no physical requirements. The Citizen Academy is provided as a means to reach out to our community and educate the public about the law enforcement profession. There is no cost to attend the academy. Attendees must be at least 18 years old, have no criminal record and a valid driver's license (if you want to drive the cars during the one week).

This 9-week course is scheduled for March 7, 2018 through May 2, 2018. We will meet every Wednesday night at 6:00 -8:30 p.m.

The various topics to be covered during the academy sessions will include:

- Enforcement related to Operating a Motor Vehicle While Intoxicated (OAWI)
- Identity Theft/Computer Crimes/Internet Crimes Against Children (ICAC)
- Use of Force
- Major Investigations Unit (MIU)
- Emergency Vehicle Operation/Traffic Stops
- Waukesha County Communication Center operations
- Suburban Critical Incident Team (SCIT) and several other areas as they relate to the operations of your local law enforcement agency.
- Fire and EMS response and other topics as they relate to the operations of local first responders

If you are interested in attending the Citizens Academy, see our website for details on how to register.

EXTRA PATROL REQUESTS

The Village of Hartland Police Department conducts "extra patrol request" for many of our citizens and business. Officers will check on houses when citizens are on vacation and patrol areas for suspicious activities, people or circumstances. **There have been several complaints of criminal damage to holiday decorations and lighting this year.** Be vigilant and report any suspicious activity. If you have a need for extra patrol, call the police department at (262) 367-2323.

EMERGENCY NOTIFICATIONS

The Hartland Police Department uses the “MyStateUSA” system through Waukesha County Communications to notify citizens in specific areas of emergency situations. When this system is activated phone numbers within a specified area, cell phones in that area and anyone registered on our “Notify Me” system will get a phone call alerting them to the emergency. Examples where this system may be used are: a missing child or endangered adult, ongoing situations with potential violence, a violent suspect at large in an area, etc. Notifications will include instructions on what to do or what we need people to watch for.

ONLINE SAFETY TIPS FOR PARENTS

- Limit the amount of time your child spends online.
- Keep electronic devices in common areas of home like the living room, not in your child's bedroom
- Educate yourselves on current technology and the latest trends in apps by doing research online and also talking to your child about their knowledge. You will be surprised how much they know!
- Safeguard your home computers devices with either parental control programs or filtering.
- Know what websites and/or apps your child is using and know the passwords to their accounts.
- Ensure that strict privacy settings are in place for all social media accounts.
- Remind your child not to “friend” anyone online that they don't know in real life. Also be sure to “friend” your child on whatever sites/apps they are on.
- Remind your child not to disclose any personal information such as their address, phone number, or date of birth while online.
- Keep an open dialogue with your child about the dangers online and to come to you with any suspicious activity or problem.
- Parents and children can learn more about online safety at websites such as www.netismartz.org. Sites such as this one have presentations, handouts and videos for parents and kids of all ages.

DOG LICENSES REQUIRED

Dog licenses are required in the Village of Hartland under Municipal Code Article III Section 14-61. Dog licenses expire yearly on December 31st. The cost per license is \$10 for spayed/neutered animals and \$15 for intact animals. The cost of the licenses increase by \$5 after March 31st. When applying in person or by mail for a dog license, a copy of the rabies vaccination certificate including name of veterinarian and date of vaccine as well as expiration date must be submitted before a license can be issued per State Statutes. Licenses and payment receipts will be mailed within two weeks. Licenses may also be obtained by coming into the office. The dog license application is available on the Village's website. www.villageofhartland.com

SAFEGUARD MAIL AND PACKAGES

The Hartland Police Department received many complaints of theft of mail and packages this year. Citizens are encouraged to be proactive when safeguarding items delivered to your home. When ordering packages online, to be delivered to your home, determine if you can pick a time of delivery. If so, have the items delivered to your home when an adult is home. Packages that sit on your front porch or in your mail boxes can be stolen. Do not leave mail in the mail box or packages on your steps overnight.

Pay particular attention to suspicious people or vehicles in your neighborhoods. It is common for thieves who steal from the mail or from your doorstep, to follow the United States Postal trucks, UPS drivers or other delivery services. If you notice someone who may be doing this, call the police with as much information as you can. It is a great idea to get a description of a car, to include make, model, color and license plate. We ask that you do not confront anyone or put yourself in a dangerous situation. The Hartland Police Department actively patrols the Village as much as possible, but also asks for citizens to provide officers information that they observe.

HARTLAND FIRE TO ADVANCE TO PARAMEDIC LEVEL

We are pleased to announce that the Hartland Fire Department is in the process of hiring two additional full-time Paramedics to staff the station. This accomplishment comes after many years of planning and was approved by the Village Board on Nov. 27. The Fire Department currently operates at the I-99 level which is below the Paramedic level. Once the change in service is implemented, the Department will offer advanced care and treatment options as well as additional medications that can be given pre-hospital to all we serve.

PLEASE CLEAR SNOW AND ICE!

The Hartland Fire Department is requesting that residents and business owners keep fire hydrants on or adjacent to their property free from obstruction of snow during the winter season. If possible, a three-foot radius clearance would be appreciated. During a fire seconds count, and firefighters can't afford to spend time gaining access to the hydrant.

As the snow and ice pile up over the winter, we are also asking that building owners, property managers and home owners have sidewalks and driveways clear of snow and ice in case of a fire or medical emergency. Having pathways clear allows our medical personnel to move the ambulance cot safely and quickly to and from the emergency. This will help to ensure the safety of the patient and crew.

Avoid slips and falls if you have to go out in icy conditions.

- Keep both hands free for balance rather than in pockets
- Use handrails when available
- Avoid carrying lots of heavy shopping bags, especially on steps
- Wear appropriate footwear. Flat footwear with rubber soles provides better traction on ice and snow than leather soled or high heeled shoes

SPACE HEATER SAFETY

Portable electric space heaters can be a convenient source of supplemental heat for your home in cold weather. Unfortunately, they can pose significant fire and electric shock hazards if not used properly. Fire and electrical hazards can be caused by space heaters without adequate safety features, space heaters placed near combustibles, or space heaters that are improperly plugged in. Here are some tips for keeping your home safe and warm when it's cold outside:

- Make sure your space heater has the label showing that it is listed by a recognized testing lab.
- Before using any space heater, read the manufacturer's instructions and warning labels carefully.
- Inspect heaters for cracked or broken plugs or loose connections before each use. If frayed, worn or damaged, do not use the heater.
- Never leave a space heater unattended. Turn it off when leaving a room or going to sleep, and don't let pets or children play too close to a space heater.
- Proper placement of space heaters is critical. Heaters must be kept at least three feet away from anything that can burn, including papers, clothing and rugs.
- Locate space heaters out of high traffic areas and doorways where they may pose a tripping hazard.
- Plug space heaters directly into a wall outlet. Do not use an extension cord or power strip which could overheat and result in a fire. Do not plug any other electrical devices into the same outlet as the heater.
- Place heater on level, flat surfaces. Never place heaters on cabinets, tables, furniture, or carpet, which can overheat and start a fire.

FIREPLACE SAFETY

Before starting a fire, be sure to clean out the ashes. Use a metal container to dispose of cooled ashes and store the container outside. Your chimney should be cleaned and inspected annually, including the flue and damper. Always remember to open the flue or the damper before lighting a fire!

FIREWOOD AND MANUFACTURED FIRE LOGS

- Only burn dry, well seasoned firewood.
- Manufactured fire logs are cleaner and safer than firewood. Never use more than one at a time.
- Never add an artificial log to a natural wood fire that is already burning. Never poke artificial logs or break them apart.

SAFETY TIPS

- Always use a fireplace screen or enclosure to keep sparks from escaping, unwanted material from going in and to help prevent the possibility of burns to occupants.
- Never burn paper, garbage or charcoal in a fireplace.
- Make sure that any decorations are well away from the fire.
- Before you go to sleep, be sure your fireplace fire is out. Never close your damper with hot ashes in the fireplace. A closed damper will help the fire to heat up again and will force toxic carbon monoxide into the house.
- Do not use flammable liquids to start or accelerate any fire.

EXTINGUISHING THE FIRE

- Make sure that the fire is out before you go to bed or leave your home.
- If you have to extinguish a fire NEVER USE WATER. Instead use sand or cat litter.
- Never close the flue until the fire is completely out; you must wait until it is done smoldering.
- Keep a fully charged ABC fire extinguisher nearby and know how to use it!

BATTERY OVERHEATING

Unofficial iPhone chargers are available on the internet at a reduced rate, however they could be the cause of a number of fires each year. It is possible that sub standard wiring is the problem with some after market charging cords. A central part of the safety concerns experts have with products bought online focuses on generic chargers advertised as being compatible with a number of devices. Officials state that because different devices require different levels of charge, generic chargers run the risk of putting too much energy into a device, causing the battery to overheat. Branded chargers are less likely to cause that problem because they are specifically designed for each particular device. Consumers should use the charger supplied with a product whenever possible. If you cannot, the fire department recommends the purchase of approved products. We advise consumers to:

- Only buy approved chargers for products
- Follow the manufacturer's instructions
- Contact the manufacturer directly if in doubt
- Use the right charger for the right device

CARBON MONOXIDE

Carbon Monoxide is a colorless, odorless and tasteless gas which is toxic to humans in concentrations greater than 35 ppm. On average, 170 people in the US die every year from CO poisoning. In many instances individuals may become ill and require medical intervention. Symptoms of CO poisoning include headache, fatigue, shortness of breath, nausea, dizziness and mental confusion. In high level concentrations symptoms include loss of muscular coordination, loss of consciousness and ultimately death. Prevention of CO poisoning includes making sure that all fuel burning appliances are installed, vented and operating properly.

Carbon monoxide alarms are required by law in Wisconsin in every home on every level near sleeping areas. Existing homes may install any type of CO alarm including battery, plug-in or combination smoke/CO devices. New construction must be hard-wired with a battery back-up. It is recommended that you test your alarms monthly, replace alarms according to manufacturer's instructions and check/replace batteries twice a year. Alarms should never be disconnected or unplugged. Batteries should never be removed for other uses.

CURBSIDE COLLECTION SERVICE

Residential property owners have received two carts; one 64-gallon for garbage and one 96-gallon for recycling. Both refuse and recycling is collected from all households curbside on Tuesdays. Refuse/garbage is collected weekly from the container provided while recyclable materials are collected every other week. The 2018 garbage/recycling calendar on the Village's website shows recycling dates as either Week A or Week B. Locate your street on the correct recycling map to verify your pickup dates.

Residential property owners are required to bring the carts to the curb by 6:30 a.m. on collection days. All garbage and recycling materials must be kept separate and placed inside their respective cart. Important reminders:

- Do not place the carts in the street
- Place carts with the handles and wheels facing away from the street
- Containers must be at least 3 feet apart from each other and other items such as poles and mailboxes.

- Do not place your containers out earlier than the day before collection day and be sure to take them back by the morning after collection day

Households that may need additional capacity for refuse and recycling have several options including the purchase of additional collection service. Households that are physically unable to move the containers to the curbside are encouraged to contact the Village.

RETIREMENT

Tom Pohlman of the Public Works Department has decided to retire at the beginning of 2018. Tom has been a dedicated employee with Public Works for just over 18 years. During that time, Tom has been the go-to person for the maintenance projects around Village Hall, Police Department and Library. These projects were wide ranging in scope, but everyone can say that Tom helped out wherever he could to make the Village Hall and Library a much better place for our customers and staff. If there ever was a job to do, Tom was there and if he could not do it himself, he found the right assistance to get it done. In addition, Tom performed many tasks in the downtown area including maintaining the street lights, installing banners and decorating the wonderful Christmas tree. In his spare time, he would perform regular Public Works duties and shared the Renson/Hilger Farms area plow route with another staff member. Thank you Tom for your many years of dedicated service to the Village!

SALT BRINE DEICING

This winter the Village continues to use a new tactic to treat streets for snow and ice. Before a snow or ice event begins, crews line the streets with salt brine, a solution made up of clear water and sodium chloride. The brine solution is sprayed out of a truck onto the roadways and the liquid evaporates leaving behind the salt on the road. When the snow starts falling, the snow interacts with the salt residue, melting the initial snowfall and creating a salt solution that helps to prevent the snow from packing down on the roadway. Many factors are considered prior to brine application. This practice is currently being used on major roadways as well as minor roadways that have steep grades.

The use of the salt brine process for winter weather events is a cost-saving measure that will enhance the Village's ability to keep streets clear in the winter, while conserving the salt

stockpile for more major storm events. Pre-treating reduces overtime and greatly reduces the total cost of treatment, as once the snow/ice has bonded to the pavement, it is more expensive and time consuming to remove. Beyond the material and labor savings, the ability to provide a treatment at the earliest stages of a winter event, when drivers are most likely to overestimate the driving conditions, provides an additional savings by reducing the frequency of traffic crashes.

Right: A Department of Public Works truck is applying the salt brine solution to a Village roadway.

SNOW REMOVAL

The Village of Hartland is again asking for the assistance of residents to ensure the success of winter snow removal operations.

- **Recycling cart placement.** Cart must be placed with lid opening toward the street at the back of the curb or shoulder (do not place in roadway) and a minimum of 3 feet from normal trash or other obstructions.
- **Utilize your driveway or clear an area along side of your driveway to safely place your recycling and refuse container.** Maintaining proper clearances as described above will make it safer and easier for collection personnel and automated equipment to efficiently empty your containers. Remove the emptied containers shortly after collection.
- **Snow should never be shoveled, plowed or blown into the street.** This creates a hazardous condition for motorists and may require return trips by the snowplow to clear the street. In addition, State Statutes and Village Ordinances prohibit this action and doing so may result in a fine.
- **Residents are asked to move parked vehicles off of the streets prior to snowfall events.** Parked cars are a hindrance to snow removal operations requiring more time and costly return trips to effectively clear the streets. Residents are asked to move their vehicles off the street whenever snow accumulations are forecasted.
- **Sidewalk snow should be moved to the front yard instead of the area between the sidewalk and the curb.** This provides more snow storage capacity between the sidewalk and the curb for snow removal from the street.
- **Shovel snow from around fire hydrants.** Residents are asked to clear snow away from fire hydrants located near your property. This effort helps the Fire Department and Water Utility to manage the water supply system and to quickly respond to emergencies.
- **If your property is near a crosswalk, clear snow from accessible ramps.** This will allow easier passage for all pedestrians.

HOLIDAY TREE COLLECTION JANUARY 3 - 12, 2018

The annual Holiday Tree Collection Program begins on Wednesday, January 3rd and continues through Friday, January 12th. Trees will be collected daily during this time period. Please remove all decorations, lights and stands from the trees prior to placing them at the curb; otherwise they will not be picked up. In addition, no wreaths will be collected.

Because this is a weather-related activity, if a snowplowing operation is necessary, the tree collection program will resume after plowing has been completed. Old strands of lights may be dropped off at the Village's Recycling Center in the metal bin at 701 Progress Drive on Fridays between 9am and 3pm beginning January 5th.

HAVE YOU SIGNED UP?

Want to get the latest Village information sent to your email? The electronic newsletter "Hartland Happenings" is sent weekly providing timely updates.

To receive the electronic newsletter visit the Village website www.villageofhartland.com and sign up.

RESIDENTIAL ELECTRONICS AND APPLIANCE RECYCLING EVENTS

There will be a collection event held on Saturday, April 14 in the Village which will coincide with the normal second Saturdays in April and October. The event will be held at the recycle center site located at the Village Garage at 701 Progress Drive. Residents may also take electronics and appliances to other municipalities through an agreement with Waukesha County. There is a small fee charged to residents for any television or CRT computer monitor that is dropped off. All other eligible electronics and appliances will be taken at no cost. A complete listing of the Collection Event Schedule for 2018 is posted on the Village website www.villageofhartland.com

Hartland Collection Date: April 14

BUYING OR SELLING A HOME?

Please contact our office when buying or selling a home to make sure that your Water & Sewer Account has the correct billing name and address on it. The only way we find out if a home has sold is if the buyer or seller provides us with that information. Please email the information to faithk@villageofhartland.com or call 262-367-2714.

WELLNESS: IT ISN'T THAT COMPLICATED

Wednesday, January 10 6:00 -7:00 pm

Resolve to be a healthier you! Retired physician, Richard Hansen, will be sharing strategies to improve both your physical and emotional wellness with an emphasis on exercise, diet, strengthening relationships, and finding your purpose in life. The discussion will end with a list of nine scientifically proven ways to increase your happiness and wellbeing. Please call the library at 262-367-3350 or email swanson@hartland.lib.wi.us to register for this free program.

TEA WITH MRS. LINCOLN

Saturday, February 10 1:00—2:00 pm

Mary Todd Lincoln cordially requests your attendance to tea, treats and talk. As you enjoy your refreshments, you will learn how Mary's knowledge of both politics and social customs helped her husband achieve the presidency. She will also be sharing with you the loves of her life, including a few of President Lincoln's private love letters. RSVP by February 7; limited to the first 30 who reply.

LIBRARIES TRANSFORM

February is Library Lovers Month and the Bridges Library System is celebrating in a big way! For over a year, librarians from a number of libraries (including Hartland Public Library) have been developing a Libraries Transform campaign. Our goal is to increase awareness of all the great ways public libraries positively impact our communities. Be on the lookout for our messages on billboards, brochures, social media posts, and other media. Here's a preview:

- Libraries transform because we are order amid a chaotic world
- Libraries transform because you can access over 2 million items with just 1 card
- Libraries transform because 62% of our population can't be wrong #LibraryCardHolders

In addition, nearly every library in the Bridges System is holding a special program during February. Be sure to pick up a brochure highlighting each library's event. We are participating by hosting a tea with Mrs. Lincoln on February 10; please consider attending. If you visit programs at 3 different libraries, you will be entered to win a prize. Thanks for your support: Libraries transform because of people like you!

Library Hours:
 Mondays - Thursdays: 9:00 a.m. to 8:00 p.m.
 Fridays: 9:00 a.m. to 5:00 p.m.
 Saturdays: 9:00 a.m. to 4:00 p.m.

A NEW WAY TO SUPPORT THE LIBRARY

To raise funds for various projects, the library is now collecting receipts from any Fox Bros. Piggly Wiggly grocery stores. Fox Bros. will kindly donate a portion of the sales based on the totals of the receipts. Just drop your receipts in the box at the Circulation Desk. Please do not cut off any part of the receipt. We need the entire receipt. Thank you for your help!

MEMORY SCREENING

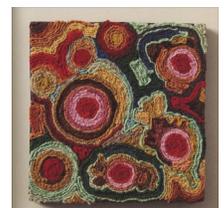

Tuesday, January 23 9:30—1:30

A memory screen is a wellness tool that helps identify possible changes in memory and cognition. Randy Kohl, a Dementia Care Specialist from ADRC, will be here to provide a free, confidential 15-minute screening. Please call Randy at 262-548-7848 to set up an appointment.

ADULT MAKE & TAKE

Wednesday, February 21 6:30—8:00 pm

Join us as we paint with yarn. Using glue and a variety of yarns, we will be creating unique art ready to hang. All supplies are provided. Registration is required by February 19; limited to the first 16 registrants.

Tuesday Morning Book Club

The Morning Book Club is a relaxed group of people who just enjoy sharing a great book! They meet on the first Tuesday of each month at 10 a.m.

January 2

Gray Mountain by John Grisham

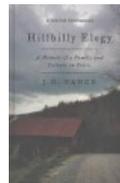

Another legal thriller from one of the best. In this story, Samantha Kofer is a young lawyer who lost her job and now is an unpaid intern working deep in Appalachia. There, for the first time in her career, she was confronted with real clients with real problems. She also stumbled across secrets that should have remained buried forever.

February 6

Hillbilly Elegy by J.D. Vance

Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck.

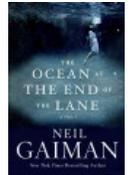

Bonus Book Club

The Bonus Book Club is a fun group of people who love meeting to share books! They meet on Tuesday evenings at 6:30 p.m.

January 30

The Ocean at the End of the Lane by Neil Gaiman

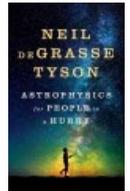

Neil Gaiman is at it again with his skillful storytelling. A bit of mysticism and dark forces make this tale a treat.

February 20

Astrophysics for People in a Hurry by Neil DeGrasse Tyson

Few of us have time to contemplate the cosmos, so Tyson brings the universe down to Earth succinctly and clearly, with sparkling wit, in tasty chapters consumable anytime and anywhere in your busy day.

WINTER STORY TIME FOR PRE-SCHOOLERS AND INFANTS

We are excited to offer 6 weeks of fun and educational story times for children. The preschool sessions are open to children ages 2-5 years old. Each story time lasts 40 minutes and includes songs, stories and a craft.

The infant sessions are open to babies up to 23 months old. This story time is 20-30 minutes long and features songs, stories and early literacy through play.

STORY TIME	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
9:30 AM				Infant
10:00 AM	Preschool	Preschool	Preschool	
1:30 PM	Preschool			

CHILDREN'S PROGRAMS

PAW PATROL FAMILY PARTY

Saturday, January 13 10:00–11:00 am

Come have an absolutely Pawtastic time at our Paw Patrol party! We will have crafts, games and lots of barktacular fun!

CRAFT-A-PALOOZA

Thursdays, January 11, 18, 25 4:00 –7:00 pm

Drop in crafting time! Bring some creativity to the cold days of winter! Create with all of our craft supplies for as long as you want.

READ TO GLADYS

Tuesdays, January 2 and 16 4:00–5:00 pm

Thursdays, January 11, 18, 25 4:00 –5:00 pm

Calling all dog-loving children! Gladys, a certified therapy dog, is waiting for you to read to her. All children are invited to sign up for a 15-minute session to read to Gladys. Please call the library at 262-367-3350 or email swanson@hartland.lib.wi.us to register.

KIDS' CRAFTERNOON

Tuesday, February 13 4:00 –5:00 pm

Celebrate Valentine's Day by creating a colorful bouquet of tissue paper flowers to give to a friend, a special someone or yourself.

HARTLAND RECREATION DEPARTMENT ADULT PROGRAMS

FREE TRY-IT-WEEK: JANUARY 8-JANUARY 12

The classes listed below are participating in the Free Try-It-Week. If you would like to try one that is listed, please check the time, location and day and show up for that class. Advanced registration is NOT necessary.

***NEW* ADULT KALI / SILVER STICKS**

Hartland Community Center

40+

Looking for a new activity to add to your exercise routine? Try Silver Sticks, the Kali program for adults. Using two rattan sticks we will work on balance, coordination and striking angles starting wherever you are in terms of activity, mobility and range of motion. Kali can be practiced by students of all ages and fitness levels. Beginners or those seeking improvement in balance and range of motion can practice effectively alongside students looking to develop more complex hand-eye coordination, memory and self-defense skills. Perfect for adults and seniors Kali is a fun, practical art. **FREE TRY-IT-WEEK CLASS!**

HARTLAND RECREATION DEPARTMENT YOUTH PROGRAMS

SPRING BREAK TRIP WEEK

Hartland Community Center

Ages 6-12

Join us for our SPRING BREAK TRIP Week! Each day participants will go on a new and exciting field trip to the following locations: Fun Timez, Blue Harbor Resort, Milwaukee Public Museum, East Troy Railroad Museum, Helium Park and UW Madison. Children may sign up for the entire week or each trip individually. It is required that your child brings: a bag lunch, mid-afternoon snack and plenty of water.

Please note the return time for Blue Harbor Resort is 4:30 PM.
