**FALL LEAF COLLECTION PROGRAM  
MONDAY, OCTOBER 14—MONDAY, NOVEMBER 25**

The Village-wide leaf collection program begins on Monday, October 14th and runs through Monday, November 25th. One collection pass will be made through the Village weekly as needed during the collection time. Have all leaves out to the curb by Sunday, November 18th. Please follow these simple rules:

- Rake ONLY leaves out to the street in neat piles or a continuous tight row or rake into the gutter area.
- **Please keep leaves away from storm inlets!**
- Park away from the leaves so we can access them with our trucks.
- DO NOT BAG LEAVES
- DO NOT place yard waste, brush, garden debris, branches or animal waste at the curb or in with the leaves. It will not be picked up. Animal waste needs to be disposed of in the trash.

**Please note:** Yard waste, brush or garden waste may be taken to the Recycling/Yard Waste site located at 701 Progress Drive. The schedule and rules for use of the Recycling/Yard Waste site are available on the Village’s website. **Please remember that the leaf collection program is weather dependent.**

**TREE COLLECTION**

The annual Holiday Tree Collection Program will begin on Thursday, January 2 and continue through January 10.

Trees will be collected daily during this period. Please remove all decorations, lights and stands from the trees prior to placing them at the curb; otherwise the tree will not be picked up. In addition, no wreaths will be collected. Since this a weather-related activity, if snowplowing operation is necessary, the tree collection will resume after plowing is completed.

**RECYCLING EVENT**

The Goodwill Donation Center in Pewaukee will be hosting an electronics and appliance recycling event.

**Saturday, November 9th**  
**9:00 a.m. to noon**  
**Goodwill Donation Center - Pewaukee**  
**601 Ryan Street**

For more detailed information on items that are accepted, visit: [waukeshacounty.gov/recycling](http://waukeshacounty.gov/recycling)

**BUYING OR SELLING A HOME?**

Please contact our office when buying or selling a home to make sure that your Water & Sewer Account has the correct billing name and address on it. The only way we find out if a home has sold is if the buyer or seller provides us with that information. Please email the information to [faithk@villageofhartland.com](mailto:faithk@villageofhartland.com) or call 262-367-2714.

## JOB ANNOUNCEMENT

The Hartland Police Department is accepting applications for Crossing Guards. Crossing Guards work on school days for two hours a day approximately between the hours of 8:00 am to 9:00 am and 3:30 pm to 4:30 pm. If you are available during any of the times listed, please stop by the Hartland Police Department, 210 Cottonwood Avenue, to fill out an application. The Police Department is open Monday-Friday, 7:30 am to 4:30 pm.

## WINTER PARKING RESTRICTIONS

Winter parking restrictions in the Village are in effect from November 1st through March 31st. Parking restrictions prohibit parking on all village streets between the hours of 2:00 AM and 8:00 AM. If you wish to park on the street, call 367-2323 after 3:00 PM each day to determine if parking permission is approved or denied for each morning. You may also go to [www.villageofhartland.com](http://www.villageofhartland.com) under Hartland Help Center for the winter parking restrictions and the most current message. If you wish to receive daily messages about winter parking, go to Notify Me on the Village website to sign up. To receive notifications related to parking restrictions, you will need to provide an email address. If you prefer to receive these messages by text, enter your mobile number. Parking citations will be issued to vehicles that park on any village street when the message states that parking is denied. A tow notice may also be attached to a vehicle and if the vehicle is not removed in the timeframe listed on the notice, the vehicle will be towed at the owners expense.

## DRUG COLLECTION

In order to reduce substance abuse and the risk of improper use of medications, the police department collects unwanted prescription medications, sprays, inhalers, ointments, creams, vials, herbals or pet medications in our lobbies 24 hours a day. Illegal drugs or paraphernalia may also be placed in these boxes and no questions are asked. The green containers in the Village Hall lobbies are the collection site for these items. Please do not put any hazardous materials or waste such as household cleaners, paint, etc. in the boxes. Do not flush your old medication down a toilet; bring them to us. In the last 6 months, we have collected hundreds of pounds of unneeded medications that were destroyed. The Hartland Police Department participates in the Prescription Drug Take Back Initiative where all of the drugs that we collect are turned over to the Wisconsin Department of Justice to be destroyed at no cost to the Village of Hartland. If you have questions, please call the Police Department at (262) 367-2323.

## CRIME REPORTING

Crime Stoppers provides a reward system to citizens that report information about criminal activities. If a citizen has information about a crime and would like to provide that information anonymously, call Crime Stoppers of Waukesha County at 1-888-441-5505 or text "WAUKESHA" plus your message to 274637 (CRIMES). You can also submit a tip online at <http://www.stopcrimewaukesha.com/>. You can always call our dispatch center to report non-emergency incidents at 262-446-5070 or emergency incidents by calling 911.

## SECURITY

There have been reports of vehicles being entered during the overnight hours in the surrounding communities. In addition, garage doors have been opened by utilizing the remote control in the vehicle. Please take time to keep your vehicles locked when unattended in parking lots, at work or in your driveway overnight. Additionally, don't leave valuables visible in parked motor vehicles.

We receive many complaints about scams over the phone and via the internet. There are numerous variations of these scams but some general guidelines can help you from being the victim of fraud. Do not react quickly with giving money to others. Take the time to verify who and why you are giving money. If it doesn't seem right, don't do it. If you are not sure, speak to someone you trust for an opinion before acting. If in doubt, call the police department as we may have had other complaints about the particular scam.

# SUBURBAN CRITICAL INCIDENT TEAM

## Rescue Vehicle Fundraising Information

The Suburban Critical Incident Team (SCIT) is a MULTIJURISDICTIONAL law enforcement tactical team composed of officers and EMS personnel from Brookfield, Chenequa, Delafield, Elm Grove, Hartland, Mukwonago, Muskego, New Berlin and Pewaukee. *This regional resource serves 140,000 citizens.*

**SCIT is committed to improving civilian and first responder safety by purchasing a multi-purpose rescue vehicle** designed to expand our tactical, evacuation and rescue versatility during critical incidents. Purchasing this vehicle would allow SCIT personnel to accomplish the following:

- Safely transport Officers, EMTs, and K9s to and from high risk incidents
- Rescue, evacuate and protect civilians from dangerous critical incidents
- Conduct search and rescue missions during natural disasters
- Achieve modern tactical standards for critical incident resolution
- Use as a fall back position of safety when targeted by armed suspects

The challenge we face is the initial purchase price of a modern rescue vehicle appropriately equipped to achieve our missions. **Our fundraising goal is \$300,000.** *We are graciously requesting your help to achieve this goal.*

If you are interested in donating to this purchase, please enter the following:

**SAFETY TIPS**

- Install smoke alarms in every bedroom. They should also be outside each sleeping area and on every level of the home. Install alarms in the basement.
- Large homes may need extra smoke alarms.
- It is best to use interconnected smoke alarms. When one smoke alarm sounds, they all sound.
- Test all smoke alarms at least once a month. Press the test button to be sure the alarm is working.
- Replace batteries twice a year! "Change your clock, change your batteries"
- Current alarms on the market employ different types of technology including multi-sensing, which could include smoke and carbon monoxide combined.
- Today's smoke alarms will be more technologically advanced to respond to a multitude of fire conditions, yet mitigate false alarms.
- Install smoke detectors on the ceiling. If you must mount the smoke detector on the wall, it should be placed more than 12 inches away from where the ceiling and the wall meet.
- They should be at least 10 feet (3 meters) from the stove.
- People who are hard-of-hearing or deaf can use special alarms. These alarms have strobe lights and bed shakers. Replace all smoke alarms when they are 10 years old.

*Information from the National Fire Protection Association*

**When Seconds Count...**

After a snowfall, remember to clear a three-foot radius around fire hydrants near your home.

As the snow and ice pile up over the winter, we are asking that building owners, property managers and homeowners have sidewalks and driveways clear of snow and ice in case of a fire or medical emergency. Having pathways clear allows our medical personnel to move the ambulance cot safely and quickly to and from the emergency. This will help ensure the safety of the patient and crew.

## CURBSIDE COLLECTION SERVICE

Residential property owners have received two carts; one 64-gallon for garbage and one 96-gallon for recycling. Both refuse and recycling is collected from all households curbside on Tuesdays. Refuse/garbage is collected weekly from the container provided while recyclable materials are collected every other week. The garbage/recycling calendar on the Village's website shows recycling dates as either Week A or Week B. Locate your street on the correct recycling map to verify your pickup dates.

Residential property owners are required to bring the carts to the curb by 6:30 a.m. on collection days. All garbage and recycling materials must be kept separate and placed inside their respective cart. Important reminders:

- Do not place the carts in the street
- Place carts with the handles and wheels facing away from the street
- Containers must be at least 3 feet apart from each other and other items such as poles and mailboxes.

- Do not place your containers out earlier than the day before collection day and be sure to take them back by the morning after collection day

Households that may need additional capacity for refuse and recycling have several options including the purchase of additional collection service. Households that are physically unable to move the containers to the curbside are encouraged to contact the Village.

## SNOW REMOVAL

The Village of Hartland is again asking for the assistance of residents to ensure the success of winter snow removal operations.

- **Recycling cart placement.** Cart must be placed with lid opening toward the street at the back of the curb or shoulder (do not place in roadway) and a minimum of 3 feet from normal trash or other obstructions.
- **Utilize your driveway or clear an area along side of your driveway to safely place your recycling and refuse container.** Maintaining proper clearances as described above will make it safer and easier for collection personnel and automated equipment to efficiently empty your containers. Remove the emptied containers shortly after collection.
- **Snow should never be shoveled, plowed or blown into the street.** This creates a hazardous condition for motorists and may require return trips by the snowplow to clear the street. In addition, State Statutes and Village Ordinances prohibit this action and doing so may result in a fine.
- **Residents are asked to move parked vehicles off of the streets prior to snowfall events.** Parked cars are a hindrance to snow removal operations requiring more time and costly return trips to effectively clear the streets. Residents are asked to move their vehicles off the street whenever snow accumulations are forecasted.
- **Sidewalk snow should be moved to the front yard instead of the area between the sidewalk and the curb.** This provides more snow storage capacity between the sidewalk and the curb for snow removal from the street.
- **Shovel snow from around fire hydrants.** Residents are asked to clear snow away from fire hydrants located near your property. This effort helps the Fire Department and Water Utility to manage the water supply system and to quickly respond to emergencies.
- **If your property is near a crosswalk, clear snow from accessible ramps.** This will allow easier passage for all pedestrians.
